Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Monday 14 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Brightening up, but feeling fresher.

Today:
A cloudy start for most with some patchy light rain at times. Occasional sunny spells developing from the north later into midday, with variable amounts of cloud during the afternoon. Feeling fresher, with a brisk breeze. Maximum temperature 20 deg C (68 deg F).

Tonight:
Some late sunny spells into the evening, followed by clear spells and passing cloud through the night. A cool and fresher feeling night, with winds easing. Minimum temperature 3 deg C (37 deg F).

Tuesday:
A dry start with sunny spells through the morning. Feeling warmer with plenty of sunny spells during the afternoon and into evening. Cloud increasing overnight, with some outbreaks of rain. Maximum temperature 23 deg C (73 deg F).

Outlook for Wednesday to Friday:
Cloudier on Wednesday with patchy outbreaks of rain. Risk of heavy, perhaps thundery showers overnight into Thursday with largely cloudy skies during day. Sunny spells and maybe showers on Friday.
